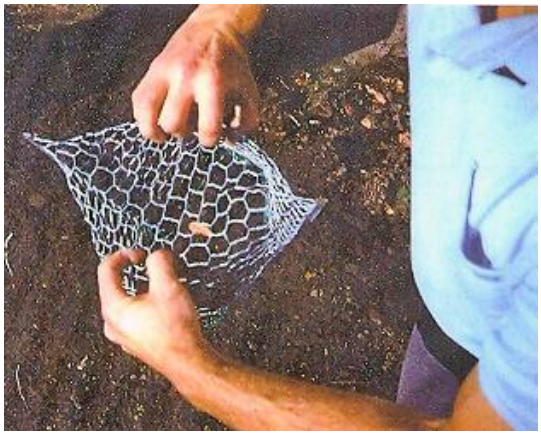
Installation Guide

How to Form a Root Guard Basket

Step 1

Pull Sides apart at the green-painted top opening

Step 2



Flatten out bottom fold

Step 3

Bend side seams flat against bottom

Step 4

Finish rounding out the sides and bottom of basket

Step 5

Install basket in pre-dug hole

We recommend leaving the top green-painted edge above ground to keep gophers from getting inside the basket

Step 6

Backfill, being careful to eliminate any air spaces

And water
